

What Motorists Have Said About Our Patrol Staff...

PennDOT service patrols are there when you need them. Our patrol staff provides aid to about 400 motorists per month, helping meet travelers' needs and keeping the roads running smoothly.

"...the service patrol members went a long way to make a bad situation better..."

"...I didn't even need to call...the patrol was nearby and knew I needed help..."

"...the service patrols made me feel 100 percent safer when sitting along the highway at rush hour..."

"...it was a comfort to know help was out there..."

"...the service patrols are life savers for an 80-year old..."

PennDOT DISTRICT 8 TRAFFIC MANAGEMENT CENTER

IMPROVING SAFETY AND MOBILITY

ON SOUTH CENTRAL PENNSYLVANIA HIGHWAYS

Who We Are

The staff of the PennDOT District 8 Traffic Management Center (TMC) provides traffic management, emergency response, maintenance and construction coordination, and traveler information to keep traffic moving. Our simple equation helps traffic run smoothly:

Sharing Driver Information

+

Managing Incidents

=

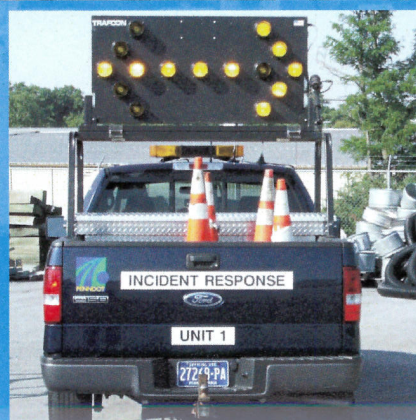

Keeping You Moving Safely!

The TMC Experience

Did you ever wonder who views the images taken by PennDOT's roadway cameras? The images are monitored by our experienced operators based at our state-of-the-art TMC.

In the event of an incident on the **Capital Beltway** our operators contact the needed emergency responders as well as the PennDOT District Incident Response team to help manage traffic.

Operators also place traveler information on dynamic message signs and highway advisory radio systems to keep you informed of these roadway conditions.

How We Assist You

On the road

- ♦ Located along I-81, I-83, I-283, US-11/15, US 22/322, PA-581, and PA-283, our dynamic message signs provide real-time roadway information.
- ♦ Tune in to our highway advisory radio system at 1610 AM for roadway information, highway alerts and local weather forecasts.
- ♦ Our Capital Beltway service vehicles patrol the roadways during the morning and afternoon rush hours to provide expeditious removal of disabled vehicles or vehicles in incidents and small non-hazardous debris, reducing the traffic delays and congestion that result from breakdowns, crashes and spills.

Off the road

- ♦ The TMC provides traveler information through our website so motorists may plan their trips accordingly. Just click on our website:
